

BASISSCHOOL

De Muziekladder

15 maart 2020

Dear parents

The National Security council has decided to suspend all lessons in all schools to limit the spread of coronavirus and to protect vulnerable groups.

What does this mean for our schools?

All lessons are suspended but we provide day care for parents who are unable to care for their children or for children who normally are in the care of their grandparents. Health experts recommend that grandparents don't take care of the grandchildren. We can guarantee the day care for as long as we have enough staff to guarantee the safety of the children.

During the permanence we keep hygiene, distance, ventilation ... into account.

School meals will not be available.

These measures started on Friday 13th March at 12 PM and last until the 3rd April 2020. During this period the absences will be justified.

For all absent pupils we stimulate distance learning.

Your child took all his/her books with him/her.

We give all pupils the opportunity from Monday on to acquire the basic subject matter at home, through Class- or schoolwebsite/ digital platforms e-mail or facebook <https://www.facebook.com/bsdemuziekladder> and this way they will remain informed about all school tasks.

The class council will check how the missed subject matter can be updated later. You will receive the necessary information in due time.

What can you do as a parent?

Stay alert for possible symptoms (especially like fever, but also coughing, flu like signals). When they occur, contact your general practitioner.

Talk to your child about coronavirus.

Later today you will receive more specific information from your school.

We thank you for your understanding concerning these exceptional measures for an exceptional situation.

We keep you up to date for further developments.
